Teacher Janne Boe

Hi everyone :) In today's lesson you are going to collaborate and create a podcast episode. Here, you are to discuss and reflect upon the topics in your booklet about ethics. Remember to bring a computer to record sound. You can also use your mobile phones if you want to. I am looking forward to it! Listen to you later :)

Assignments

A thought provoking podcast! You can hand in your podcast/sound file here.

Show assignment

Teacher Ingunn Berg Lund

Hey guys :) I have just enjoyed some good and thought provoking podcast scripts. I can see that you are not ready to hand in the podcasts just yet. You will get a bit more time, and I have written some formative assessment in the chat in your documents.

Remember to look at them while you work. I am missing the script from some of you. Make sure to hand them in before you leave today. We look forward to some good listening :)

Best, Ingunn and Janne.

Hey! We are struggling a bit with time. OK to hand in on Tuesday? Have something important this weekend. (You guys are the best :D)
